Keynote Speaker:
JASON BURDICK, Ph.D.

Dr. Burdick is an associate professor of bioengineering at the University of Pennsylvania and is a member of the Laboratory for Research on the Structure of Matter, the Penn Genome Frontiers Institute, and the Center for Engineering Cells and Regeneration. Dr. Burdick is the recipient of the Edward C. Nagy New Investigator Award and the NSF Career award. Dr. Burdick’s research focuses on the development of polymer networks that can be used for understanding stem cell behavior, tissue regeneration and drug delivery.

Friday, March 15, 2013
Martha Rivers Ingram Commons
Vanderbilt University
8:00 A.M. - 7:00 P.M.

This one day conference will showcase:
- A networking luncheon and reception for all attendees
- Panel discussions on career development, technical writing, & FDA approval
- Oral and poster presentations by professors and industry professionals as well as graduate, undergraduate, and high school students

RESEARCH ABSTRACT DEADLINE: March 1, 2013
REGISTRATION DEADLINE: March 6, 2013
